

# Instruction of Electromagnetic lock

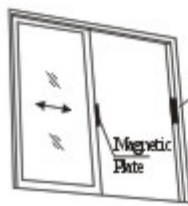

Electromagnetic Lock connecting with building monitoring speaking system, the up-dated electronic lock integrating with entrance-guard system, fit for all kinds of doors, specially for exit-door and fire-resistant door.

## Brief Introduction of Product

Item	DZ818	DZ858
Lock Dimension	205×36×23.5	234×48.5×29.5
Working Electric Voltage	DC12V	DC12V
Working Electric Current	0.30A	0.45A
Magnetic Plate Dimension	125×35×9.5	151×46.5×12
Magnetic Force	180kg	280kg or 350kg

Item	DZ818	DZ858
Lock Dimension	173×41×23.5	207×53×29.5
Working Electric Voltage	DC12V	DC12V
Working Electric Current	0.30A	0.45A
Magnetic Plate Dimension	125×35×9.5	151×46.5×12
Magnetic Force	180kg	280kg or 350kg
